About Us

We are a **family run** speciality food business based in **Zeals, Wiltshire** (close to Stourhead). Our normal business is supplying your local pubs, restaurants and hotels. But for this Christmas, we have decided to **open out some of our range to your kitchens at home.**

We have **hunter-gathered** ourselves into a wonderful **network of artisan produce** from round and about **our countryside**. Combined with our range of essential bigger quantity kitchen products we think that we could be a **helpful, local** way to prepare your kitchen for this busy, not-at-all-stressful time of year.

And so, for the first time since we started up 9 years ago we would like to **give home kitchens access to the fantastic produce that is all around us** and an easier way of **dealing with all your kitchen necessities.**

Your Guide Through Our Booklet

- Most products will have a weight in the adjacent column which shows you that they are sold at that total weight and the price quoted is what you will be charged for each one bought.
- Some of our products are sold *per kg*, which basically means that the total price will depend on the weight of that product. In all of these cases we have given you approximate weight so you can roughly work out what it will cost you *e.g.*

Long Clawson Stilton (Creamy and crumbly with a bold and expressive flavour) (2kg approx, end on) (LEICESTERSHIRE)	Per kg	£11.50
--	--------	--------

1. We weigh your product for it's precise weight = **e.g. 2.13kg.** **X** **£11.50** = **£24.50**
